Quick start

1. Sign in. Open the account menu, choose **Professional applications**, then **Create Profile** on **Medical Astrologer**.
2. **Professional details**: enter your **Display name** and, if you wish, a public email, phone, experience and biography. Choose **Save Draft**.
3. **Qualifications & lineage** and **Expertise**: describe your training or lineage and add at least one specialty.
4. **Profile photo** and **Practice location**: add a clear photo and your address. **Verification documents** are optional.
5. **Video consultation**: switch on the service, set the fee and your weekly hours.
